List of errata

1. **Page IX-X**: Osloforskning should have been mentioned in the acknowledgements for contributing with a very generous scholarship. With their help, I was able to work less and focus on my thesis. Thank you!

2. **Page 27**: Chapter 3.2 has misleadingly and erroneously been given the title “Specific language impairment and LARSP”, making it identical to chapter 3.3. The correct title of Chapter 3.3 is “Previous research”.
